CARDINAL RATTI TO BE CROWNED POPE SUNDAY

Selects as His Title Pius XI — Created Cardinal Last June

O'CONNELL IS LATE

American Cardinal Arrives In Rome Two Hours After Election of Pontiff is Announced.

Rome, Feb. 7.—Cardinal Achille Ratti, Archbishop of Milan, has been elected Supreme Pontiff of the Roman Catholic Church to succeed the late Pope Benedict XV. His coronation as Pius XI will take place Sunday, February 12. The new pope is 65 years old and was only made a cardinal June 16, last.

After the announcement of his election, the new pope appeared on the outside balcony of St. Peter's and pronounced the benediction on the thousands who had waited patiently in the rain at St. Peters' Square, the first time this has occurred since the breach between the state and the church in 1870. For the past 52 years the blessing has been bestowed from within the Basilica.

Cardinal O'Connell, for the second consecutive time, failed in his race across the ocean in time to carry out the duties of his cardinalate in the election of a pope. From the time he was greeted in Naples Bay until his arrival in the railway station at Rome, Cardinal O'Connell was fully convinced that the Sacred College would not make a choice until after his arrival. As he disembarked from the steamer he was informed that the great papal question was not yet decided, and apparently the conclave was anxious for his presence.

"If that is so," said the cardinal, "it is a great compliment to me and to my country and people. I felt confident when I set sail from New York a few days ago that they would wait for me this time, for it means something to a man to come thousands of miles across the ocean in wintry weather. I have had a feeling that my colleagues in the Sacred College would give due consideration to my disappointment and that a Catholic America."

Upon arriving at the station in Rome Cardinal O'Connell was plainly surprised when he was informed by a Vatican official that the conclave had acted without waiting for him. Although the American cardinal did not utter a word, his face betrayed emotion.

Upon arriving at the Vatican the American cardinal went immediately to the Sistine Chapel, where he rendered obeisance to the new Pontiff, as his colleagues had done two hours before. He then conferred with a small group of cardinals who had lingered in the Vatican, each of whom was apparently anxious to explain how the conclave had reached a decision without the presence of the American representative.

NOW READY FOR CONTRIBUTIONS

Woodrow Wilson Foundation Committee Seek to Raise $1,000

Receipt Blanks and Literature Distributed Last Night at Meeting of Local Committee

The Woodrow Wilson Foundation local committee and others interested in the project held a meeting last night in the rooms of the chamber of commerce and mapped out plans for collecting the allotment for this city which is the sum of $1,000. H. R. Burke, chairman of the local committee presided. Receipt blanks and literature were distributed to the members of the committee. Practically all of the women members of the committee were in attendance.

It was also decided to have contributions left at the banking house of Burke and Herbert, Citizens' National Bank and the office of the Alexandria Gazette. Any person desiring to continue to this project may either give their contribution to any member of the committee or leave their contribution at any of the foregoing places and they will be given a receipt.

All persons who desire to contribute to the Wilson Foundation are urged to do without solicitation as owing to the weather conditions it will be impossible for the committee to make a very active canvass.

It also was decided to announce from time to time a list of the contributions together with the amount given in the Gazette. The names of E. S. Leadbeater and D. R. Stansbury were added to the men's committee.

WASHINGTON DAY BY DAY

Washinton, Feb. 7.—The Conference on the Limitation of Armaments and Pacific and Far Eastern questions is at an end. The various delegations present affixed their signatures yesterday to the four treaties all of them designed to remove the causes of war and to lessen the burden of taxation throughout the world.

As he had felicitated the delegates at the opening of the conference over three months ago, so President Harding again felicitated them on the most successful conclusion, making one of the most earnest and forceful speeches of his career. His statement that the decisions of the conference had marked a new epoch in world history was received with the pronounced assent of the whole assemblage which joined in applauding the statement.

The various delegations are now en route to their home countries. The British delegation started the emigration shortly after the conference adjourned. The Japanese delegation will sail from San Francisco on February 16. Minister Albert Sarraut, head of the French delegation, has left for Washington Toronoto bound. He will sail from New York for home on February 21. The members of the Italian delegation will leave the country not later than February 21.

The new Pope, Pius XI, is a man just past his 62nd year and is one of the youngest, both in point of years and service as a Cardinal ever to be chosen as head of the Catholic Church Only last September he was selected to be Archbishop of Milan, to succeed the late Cardinal Ferrari. He has been serving as Librarian at the Vatican for the past few months. The new Pope spent three years in Poland as the Ambassador from Pope Benedict. He was in Warsaw during most of the turbulent times following the separation of Poland from the yoke of Germany and Russia. As a diplomat he was recognized as among the ablest of any representative of foreign governments who took part in the rejuvenation of Poland. Most of his life has been devoted to the spread of higher education and in diplomatic spheres in which he has always excelled.

Republican politicians are trying to force the resignation of Raymond T. Baker, as Director of the Mint. Baker, who married Mrs. Alfred G. Vanderbilt, whose husband was lost on the Lusitania, is an appointee of President Wilson and was one of the most active workers in both campaigns in which the former occupant of the White House was successful. Baker declared today that he had no intention of resigning, however.

"My term is not up until next month," and I do not see any reason for relinquishing my duties before that time."

It is understood that the President has picked Col. E. V. Scobey, of Texas, as the successor to Mr. Baker. Scobey acted as host to President Harding during the latter's visit to Texas before the inauguration.

The battle for the ratification of the treaties signed by the delegates to the Arms Confernce will now be removed to the Senate of the United States. While at present there seems to be little chance that any of the treaties signed by the nations participating in the conference will fail, there is no doubt that the Republican leaders are somewhat worried over the situation. It is expected that some three or four Republican Seantors will speak and vote against the ratification of the various pacts. Just how much opposition will develop among the Democrats, is not known. Senator Underwood, of Alabama, minority leader, and himself a delegate to the Conference, has a commanding influnce among his colleagues in the Senate and it is said that he will be strong enough to hold a sufficient number of his Democratic followers in line to insure ratification of the new treaties.

There is no telling just when the Senate will act upon the four pacts which are to be submitted immediately by the President. If there is one thing the Senate likes to do it is to talk, and it never needs any great provocation to start the battle of words. The President, however, is confident that the work of the conference will revive the approval, not only of Congress but of the people of the country at large.

SENATE WILL PASS TREATIES IS BELIEVED

Leaders Count On Naval Pact to Carry Others Through With It

TO SENATE SOON

Four-Power and Chinese General Agreements Appear to Face Hardest Battle for Passage

Washington, Feb. 7.— President Harding will submit to the Senate not later than Thursday, the treaties framed by the Conference on the Limitation of Armament, and the outlook is distinctly favorable for ratification of the lot.

As things are now, the only treaties that appear to be in danger at all are the four-power pact and the Chinese general treaty. And there is no doubt whatever that the fight on the four-power pact, started weeks ago, is weaker because of agreement upon the naval treaty, nor is there any doubt that the fight which rumbles under ground at present on the Chinese general treaty will be weakened if and when it breaks by the naval treaty.

Administration leaders in the Senate said this afternoon that they have not outlined their plan of action, but that they have no concern about the outlook. They insist that, when the votes are counted on the four-power pact, not more than five or six Republicans will be off the reservation. Senator Underwood, they are certain, will lead enough Democrats to the ratification side to offset these losses, and add enough to bring the vote for ratification to the required total of 64. No trouble appears, the Republicans say, over any of the other treaties.

Among the insurging Republicans, it was frankly admitted in private conversation, that the naval treaty has strengthened the lines for the four-power pact. Men who, a while ago, thought the latter treaty doomed are not confident now. And they are even less confident that they can do much if they start fighting the Chinese general treaty. About the same feeling was found among the Democrats notably in the more partisan group, that would be glad to shoot at anything that came from a Republican administration if the chances seemed worth while.

The naval treaty, it is clear, from what is said in all the Senate groups, has gone far toward putting the whole Conference output on a solid basis in the ratification fights. It has started a tide, has created an atmosphere of accomplishment, that is helpful all down the line to the Administration. This may be changed when the debate begins on the four-power pact and the Chinese treaty. But it is the indubitable fact at this time that the naval treaty is a success, with a tendency to sweep things along. Unless there is an incredible change in opinion in the Senate the naval treaty will go through with many votes to spare. Unanimity in the vote is not impossible.

Not that there is entire satisfaction. Men like Senator Borah would have had the Conference go farther in naval reductions and limitation.

Mr. Borah was for abolition of the submarine, as were the British in the Conference, and the treaty contains nothing that limits in any respect submarine building or building of other auxiliaries. But Mr. Borah will not be against the treaty because it does not go far enough. He will be enthusiastic over and thankful for what is done.

There also is a view in the Senate that conditions still are dangerously unsettled in the East; that Japan may be in a war at any time, and that in such an event she will immediately withdraw from the treaty, as she is entitled to do under those circumstances. This fear that the treaty will not last as long as is expected is not calculated, however, to cost votes. The disposition will be to take what is held to be good for so long a time as is possible.

Famous Paintings Arrive

New York, Feb. 6.—The famous "Blue Boy," the Gainsborough masterpiece for which Henry E. Huntington, California and New York millionaire, paid $728,000, arrived on the French liner La Savoie without knowledge of any of the passengers. In the same strong-room and just as securely protected in a water-tight box, was "The Cottage Door," another Gainsborough.

The second recital is planned for March 17th, in Lee Camp Hall, at which time only the Irish songs will be sung.

4 DEAD 20 LOST IN RICHMOND FIRE

Twenty Persons Missing Following Destruction of Lexington Hotel

Fifteen Are Injured—Three of Dead Identified—Origin of Fire Not Determined

Richmond, Va., Feb. 7.—Four men were killed and fifteen persons were injured, some seriously, in a fire which started in the Lexington Hotel here early today and which was still burning at 9 o'clock.

At least twenty persons are missing, and it is feared that other bodies will be found in the ruins.

Three of the dead have been identified. They are:

M. J. Fox, Williamsport, Pa.
Hiram F. Austin, Fincastle, Pa.
A. Johnson, Charlottesville, Va.

The fire is one of the most disastrous which has occurred in the State of Virginia in a score of years. At 9 o'clock firemen were still pouring water into the blazing wreckage in efforts to prevent the fire from spreading to adjoining buildings.

The origin of the fire had not been determined this morning, and police expressed the belief that it would be impossible to learn the cause of the blaze. The first alarm was turned in by a night clerk of the hotel shortly after 4 o'clock. The flames were spreading rapidly when firemen arrived, and men and women who were asleep in the hotel rose terrified from their beds to find the blaze about them.

A. Johnson, one of the identified dead, jumped for a net held by firemen. He missed the net by six feet and was killed instantly. J. H. Webb of Fincastle, Va., threw a mattress to the street and jumped. He also missed, badly injuring both hips.

The hotel was a five-story brick building, located at Twelfth and Main streets, and had 250 rooms.

Police estimated the damage at $600,000.

The injured include:

William O. Bailey, New York city, severely burned about hands and face.

William P. Little, Portsmouth, Va., broken leg.

Paul Bigone, New York city, fractured hip.

Austin, one of the dead, had been in Richmond to attend the execution this morning of Edmund Thompson, colored youth, sentenced to death for implication in the killing of a relative of Austin in Fincastle.

The blaze damaged adjoining buildings, including the Savings Bank of Richmond, the Branch Cavell Company, brokers, and the Co-operative Produce Exchange, located in the rear of the hotel.

The Lexington was one of the last of the old hotels of Richmond, being a four-story structure of old-fashioned design, built in the '80's.

OPENING NIGHT BIG SUCCESS

Elks' Auditorium Is Crowded to Capacity For Put and Take Bazaar

Vaudeville Numbers Warmly Greeted —Gaily Decorated Booths Largely Patronized —Deep Sea Band a Feature

The opening night of the big Put and Take Bazaar staged under the joint auspices of the American Legion, their Ladies Auxiliary and the Veterans of Foreign Wars was greeted warmly last night with a crowd that fairly jammed the Elks' Auditorium, and everyone seemed to thoroughly enjoy themselves.

The big feature of the affair is the music. Sailor Tilton and his Deep Sea Jazz Band scored a big hit with the audience, particularly the dancers. The Sailor Boys played in uniform, each man is a n artist and several play two instruments. The younger folk who enjoy dancing should flock to the bazaar during the week.

The feature vaudeville numbers showed Larry Gavitt, a clever young star in pianologue that was clever. Mary S'miles S'minter also came in for her share of the applause.

Tonight is All-Fraternal Night, and a big turnout of the Lodges is expected, also the fire companies are expected to rally to the support of the boys in their efforts to create a Relief and Welfare Fund for the local Unemployed Ex-Service Men. As a

Bible Thought for Today

He that loveth silver shall not be satisfied with silver; nor he that loveth abundance with increase: this is also vanity. When goods increase, they are increased that eat them: and what good is there to the owners thereof, saving the beholding of them with their eyes?—Ecclesiastes 5: 10, 11.

HEALTH RECORD SHOWS BIG DROP IN DISEASES

Only 57 Cases of Communicable Diseases Reported In January

TWO SMALLPOX CASES

Total of 317 Laboratory Tests Are Made During Month—Other Health Work Announced by Department

A summary of the work accomplished by the city health department during the month of January follows:

While we had a few more cases of the various communicable diseases reported during January, than we had in December, yet they were far less in number than in previous years. In January 1920, 255 cases were reported. In January 1921, 119 cases were reported.

In January 1922, only 57 cases were reported. As a rule, more cases of pneumonia are reported during January and February, than in any other months of the year. In fact, the general disease rate is higher during these two months. It will be seen by the above comparative record, that our disease rate for the month of January, was exceptionally low.

During January we had two cases of smallpox. One of these cases a very mild one, was a little colored child who came here from Washington while sick with the disease. The other case, a very severe one, was that of a colored woman who had never been vaccinated. Both of these cases were promptly located and quarantined. We also vaccinated 47 people living about that section, and up to this date, no other cases have developed, nor do I expect any, as every possible precaution has been taken to hold the disease where it was found.

About the usual number of inspections of restaurants, meat markets, stores, and other food and drink handling establishments were made during the month. 1770 pounds of tuberculous meat was condemned and destroyed by this department. 144 Sanitary complaints were investigated and acted upon, also 24 general complaints.

In the laboratory we made 317 tests during the month. We make tests of the city water every day except Sunday. I might explain here that each daily sample of water is actually given three tests, the "presumptive," "confirmative," and "final." And while we record these three tests in our official records as one, yet they are actually three distinct tests, and the number of such tests made monthly and noted in the detailed report of our laboratory, should be multiplied by three, in order to fairly represent the actual work done.

Venereal Clinic—In our Venereal Clinic, we treated 40 patients, and gave a total of 380 treatments during the month of January.

General Clinic for Advice and Treatment of the City Poor—In our General Clinic for the poor of our city, we gave a total of 115 examinations and treatments. Many of these treatments were given at the homes of the patients. Our nurse also rendered service to many.

General Remarks—The great storm during the last week of January, badly hampered all of our outside work, but fortunately we had things in fairly good shape before it struck us.

Taken all in all the month of January was exceptional, in that our disease and death rate was very low, when compared with the past two years.

NEW ZEALANDER TO ADDRESS CLUB

Miss Scanlon to Speak Wednesday Afternoon Before Cameron Club

Represented New Zealand at Peace Conference—Informal Reception to Follow Address

The Cameron Club has been most fortunate to have secured Miss Scanlon of New Zealand who was the representative from that country to the Peace Conference in Washington to address the club at 3.30 on Wednesday afternoon at Lee Camp Hall.

She is a very cultured woman and a brilliant speaker and the club takes pleasure in extending a cordial welcome on this occasion to the United Daughters of the Confederacy, the Daughters of the American Revolution and the Colonial Dames, those organizations who so enthusiastically co-operated with the Cameron Club in the recent Loan Exhibit.

After the address by Miss Scanlon an informal tea will be given. Those who heard Mrs. Winter will know how delightful a glimpse can be given of the Peace Conference from those who see it from the inside. Miss Scanlon will also tell of woman work in New Zealand.

She has addressed large and appreciative audiences in Washington and is a most unusually brilliant woman.

AT RICHMOND LEGISLATION

Senate

Public hearings on the bill transferring enforcement of the State prohibition laws to the office of the Attorney-General of Virginia, and providing an annual appropriation of $100,000 for carrying on the work, will be held tomorrow afternoon before the joint committee on Moral Social and Child Welfare. The hearings will be held in the Senate chamber, starting at 3 o'clock.

The bill, known as Senate bill No. 112, came before the committee yesterday afternoon, but consideration was deferred in order that Attorney-General John R. Sanders might be present to give his views. As he is the official most concerned if the bill becomes law, his attitude will have considerable weight on the joint committee in reaching its conclusions.

After a lengthy hearing, the "blanket bill," designed to give to women all rights now enjoyed by men under the State statutes, was referred to a subcommittee of three yesterday afternoon by the Courts of Justice Committee of the Senate. Members of the subcommittee are Senators Mapp, Leedy and Goolrick. The full committee reported favorably on the Senate bill conferring on women the right to select their own domicile for voting purposes. This is one of the provisions covered by the "blanket bill."

Members of the agricultural conference of which Senator J. Brad Beverley is chairman, have been called to meet tonight at 8 o'clock in the assembly hall at Murphy's Hotel. The meeting will consider House bill No. 98 and Senate bills, Nos. 14, 81, 144-48 223, 224, and 159, all dealing with matters of interest to the farming interests.

The Roads Committee of the Senate last night voted against voting out the Hassinger bill, which would force the Norfolk and Western Railway Company to stop its through trains at county seats having 2,000 or more population.

House

An unusual demonstration was staged in the House of Delegates yesterday, when Delegate R. O. Norris, Jr., of Lancaster, who on Friday became a benedict, arose to ask Harris Hart a question relative to the compulsory education bill.

Arising to ask the question, Mr. Norris was greeted with loud and prolonged applause, during which he smiled, and smiled and smiled, in order to stop the applause, and, turning to Mr. Hart Delegate Norris said: "Mr. Hart, I have such a reputation as a public speaker than I am always applauded before I utter a word."

Delegate Groome, of Hampton, said he desired to ask the "gentleman from Lancaster" just when he became so deeply interested in the question of compulsory education.

The best way to obtain a reduction in State expenditures is to cut down the amount of money available for the expenditures.

That is the philosophy on which Richard E. Byrd, of Winchester, former Speaker of the House of Delegates, based his plea yesterday for complete segregation of real estate and tangible property taxes to the cities, towns and counties. And that was his suggestion when a member of the Finance Committee of the House, before which Mr. Byrd's tax proposal was being discussed, asked how the State could be reimbursed for the money it would lose by the elimination of the 25 per cent tax on real estate and tangible property. Both he and former Senator John Buchanan, another speaker for the bill, advised allowing the State to do without the money.

POLICEWOMAN IS FAVORED FOR ACTIVE SERVICE

Commissioner Knight Gives Views to Board of Police Commissioners

C. D. MORRIS ELECTED

Dog Case Again Before Board—Policeman Snellings Warned he Must Cease Activities Against Dog

This city soon may have a policewoman, working with the policemen on the force. Police Commissioner Knight last night served notice on the board of police commissioners that he favored a trial for a woman. When the board was about to nominate an extra policeman he asked the board if the nomination of a woman would be in order. Mr. Knight afterward said that in the near future he would nominate a woman, probably when the next vacancy occurs.

Mayor Duncan expressed himself in favor of a woman probation officer and this question also will be taken up later, and it was intimated the board of police commissioners would petition city council to have a woman on the regular force under Chief Goods.

The board elected Clarence D. Morris a member of the police force to fill the vacancy caused by the resignation of Policeman Henry Sisson, Mr. Morris up to the time of his election had been serving as an extra policeman and his term together with two others would expire April 1. The board also elected William J. Huntt extra policeman to serve till April 1, in place of Mr. Morris who was promoted.

Policeman Snellings was cited to appear before the board in order that the board might investigate the complaint made by Mrs. William M. Ramey of 1109 Duke street that she had been frequently cited to appear in the police court because of complaint made by Policeman Snellings that the barking of a dog in her yard had annoyed him, preventing him from sleeping in the day time after he had done night duty.

According to Mr. Snellings the dog does not now annoy him, having ceased its activities since the last warrant was procured. The commissioners held this case in abeyance till after the case was finally disposed of in the corporation court. In the last name court the case was thrown out, an appeal having been noted from the police court decision which was to the effect that the dog must either be killed or taken out of the city.

Mrs. Ramey appeared after Policeman Snellings had made his statement. Among other things she told the commissioners that she had been in court six times about the dog. Mrs. Ramey, however, said she did not desire to have the policeman lose his job on account of the dog, although she added she had been subject to pretty drastic treatment.

The commissioners subsequently warned Policeman Snellings that he must cease forthwith from further annoying Mrs. Ramey about the dog, otherwise it would result in serious consequences and that if he has any complaint about the dog to go to the chief of police.

BIDS ARE ASKED FOR NEW SCHOOL

Will Be Opened February 25 In Office Of City Engineer

New Building Will Contain 17 Rooms and be Erected on Lot of Alexandria High School

Announcement is made elsewhere in The Gazette that the public property committee will receive sealed proposal to 4 p. m., February 25 for the construction of a seventeen room school building on the lot of the Alexandria High School. The drawings and specifications are now on file in the office of City Engineer E. C. Dunn in the city hall. The city council reserves the right to reject any and all proposals.

News that the committee is now ready to receive bids for the new school will be received with general satisfaction by all citizens as the present school facilities are entirely inadequate to accommodate the large number of pupils who are registered to attend school, and as a result it is stated that many pupils are now deprived of a full day's school work.

It is regarded as highly probable that the work of erecting the school probably will be started early in March. In the event the work is begun in March it is expected that the new school will be ready for occupancy in time for the next school session which will be in September.

There is now a resolution pending before city council carrying with it an appropriation of $85,000 for the erection of the new school.

NEWSPAPER STANDARDS

The Gazette is in receipt of a little brochure that is issued to its employees by one of the largest industrial concerns in the country. It is full of wise suggestions and timely advice. It lays down five rules to be followed, which we are glad to quote. Physically, we are to care for our bodies; mentally we are to think for ourselves; morally, we are to cultivate good habits; financially, we are to save more money; and socially, we are to do good to others. These rules, carefully followed, would see us all better men and women at the end of the year.

In its details, under the head of mental improvement, it advises us to read the best newspapers and books. We take up here only the suggestion as to newspapers. What are the best newspapers? Tastes vary, and concerning them there is no dispute. But nevertheless there is an educated taste, a refined taste, an ignorant taste, and a debauched taste. An educated taste is not necessarily a refined taste, nor is an ignorant taste in consequence a debauched taste. But an enquiry is always in season as to which one of these tastes we possess. Broadly speaking, there is good taste and bad taste. It is certainly pertinent to ask ourselves which we use in choosing a newspaper. One of the masters of journalism, Henry Watterson, thus defines the province and scope of a newspaper: "The newspaper is the history of yesterday. It is made to sell, assuredly; but it is not a commodity, like drygoods, pork and beans, hardware and cutlery. It may not care to have an opinion. But in case it does, it should seek and aim to be a keeper of the public conscience, an example and counsellor, not a corner groceryman; level of head and kindly of heart, upright and elevated, always sincere and truthful, avoiding as it would avoid pestilence and famine, the character of a common scold. * * * * I do not think the newspaper should consider itself as a public prosecutor; rather the personal representative, friend and neighbor of good men and good women, pouring in upon the community the sunshine of heaven, not kindling and stirring the fires of hell; its aim and end, first, last, and all the time, to enlighten and brighten, to radiate and to warm, not to embitter, to browbeat, and to dazzle."

Words of flame, Marse Henry! In such humble way as is given us to see their light, we endeavor to follow and to exemplify. We think, further, that they set a true and lofty standard. Read them once again, and then judge for yourself if you read the best newspapers—or the worst!

ELEVEN HUNDRED BLOCK

The merchants on the Eleven Hundred Block on King Street are becoming inbued with a proper civic pride, localized, however, as to that particular block. Our fellow-townsman, Abe L. Cohen, who tried to quit business last summer and couldn't, is the leading spirit in a movement to make this block a conspicuous spot in the merchandising life of Alexandria. Coming from the unhappy realms of the Czar years ago, as a poor lad, Mr. Cohen has prospered with the brimming measure always due to thrift and toil and upright standards of business. He sold his store last summer, with a view of joining our leisured classes, but soon found that to be idle was the hardest job he had ever tackled. So he got busy again, and inspired by the Gazette's vision of a Greater Alexandria, hit upon the eleven hundred block as the most fortunate location for new business, bought three adjoining buildings, and is now obsessed with bigger ideas and engrossed with larger plans than ever. His neighbors likewise have the faith that works wonders, and all pulling together, propose to make this block a retail Mecca for years to come. "Westward the star of Empire takes its way"—and westward runs the course of merchandising in Alexandria—so say Mr. Cohen and his enterprising friends on the Eleven Hundred Block. Several of the merchants have been there for years, others are comparatively newcomers, but they are all so possessed of a spirit of co-operation and unity of purpose, that we have full faith in their abiding success. Many of them are already known to the Gazette's readers; before the end of the year they will all be known to the public through its columns—so runs the prophecy. N. Frank and Son, Mendelson, Hanrahan, London, Fairmount, Dienelt, Devers, Purcell, Meletis, McCuen, Williams, Illch—these are names to tie to. May the Eleven Hundred Block achieve the success it deserves!

Prize for Prettiest Costume

Every detail in the plans for the Valentine Costume Ball under auspices of the Auxiliary Board of the Alexandria Hospital on February 15, is being perfected and points to a most enjoyable time. The committee has arranged for children to come from 7:30 to 9 p. m., when a prize will be offered for the prettiest costume among the juvenile guests. A small fee will be taken at the door for children. For particulars call Mrs. Charles F. Holden, Phone 543.

CALOMEL MAY TURN ON YOU NEXT TIME

Next Dose You Take May Salivate and Start World of Trouble

Calomel is mercury; quicksilver. It crashes into sour bile like dynamite, crumpling and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it dosen't stare your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day: it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and cannot salivate.

Watch The Results!

Pimples, blackheads, boils, etc., begin to disappear almost "while you wait." You will feel an almost immediate increase in your ability to tackle hard work. And as for putting new, firm flesh on your bones—thin folks report gaining five pounds and more on the first package of Ironized Yeast!

Yeast Best With Iron

Ironized Yeast is pleasant to take and will not cause gas or in any way affect the stomach as it contains a specially cultured yeast which is grown under the strictest supervision for medicinal purposes. The reason it brings such splendid results is because it supplies thin and run-down folks with the three vitamines, which though vitally essential to health, are lacking in the modern diet. But more than that, it supplies your blood with the iron needed to make it rich, red and strong. Vitamines alone are fine—but when taken with iron, as in Ironized Yeast, they bring their good results just twice as quickly, in many cases.

Try Ironized Yeast Today!

If you want to banish skin eruptions and quickly acquire a fresh, youthful, clean-looking skin—if you are thin and run-down and want to fill out your figure with firm hard flesh and increase your energy so that work will be a pleasure instead of a tax—then try Ironized Yeast at once.

Just mail coupon as directed above for the wonderful Three-Day FREE Trial Treatment. You will very likely be amazed at the improvement just three days will show in you. Test it absolutely FREE! Mail coupon today.

Pen Made of 28 Pieces Used in Signing Pacts

Washington, Feb. 7.—The pen used by the American arms delegates to sign the five treaties at the final session of the conference was made of twenty-eight pieces of wood grown in twenty-eight States and presented to Secretary Hughes by Samuel Gompers, president of the American Federation of Labor.

It was made by David Fairbanks, a journeyman painter, of Chicago, who, as a member of the Painters' Union, turned it over to President Gompers last December as a gift to the American delegation. Fairbanks brought the pen to Washington and, with Gompers, formally presented it to Secretary Hughes December 21, with the understanding that it was to be used to sign the treaties resulting from the arms conference.

The pen is about twelve inches long, mounted in gold, with a gold eagle on one end and a gold pen-point on the other. It was draped with miniature flags of the nations represented at the conference.

FOR GREATER ALEXANDRIA

For the Greater Alexandria the Gazette's slate includes better streets and brighter lights and better country roads; a fine new building for the Y, a ferry cross the river, better gas at cheaper rates 'twould have our plant deliver, ample playgrounds, better schools, some parks with grass and trees, half a thousand new built homes but no more taxes, please. Every item on the slate all readily concede are absolute necessities to meet our city's need, but some say, "But, yes with a "But." I know you'r coming back, but if you but and but too much you'll butt us off the track.

(A Parable)

My wife gives me at breakfast time a program of our needs.— At least a list of what she wants for fixings and for feeds. "The children must be newly shod"—just seven pair 'twill take—"for dinner send a good fat roast for breakfast bring some steak. Now Willie wants a Sunday suit and Mary wants a hat, Sarah Jane is wanting this and Dick is wanting that, have the grocer send some coffee, some sugar, bread and tea, a head of cabbage, can of corn and bunch of celery."—I take the list and scan it close and vainly try to "figger" how I'm to meet these daily wants as daily they grow bigger. This problems stared me in the face for twenty years or more. At first I fretted fumed and fussed and sometimes almost swore. but none of this did any good, it wouldn't pay the bill. No matter how I kicked and squirmed I had to take the pill.

(Moral)

As time went on the bills increased our wants were multliplied, but through the help of Providence the "wherewith" was supplied.

She—"What makes the leaves turn red in the fall?"

He—"They are blushing to think how green they have been all summer."—Burr.

Richmond Lags in Fund For Wilson Memorial

According to announcement made last night by H. M. Smith, Jr., chairman of the local Woodrow Wilson Foundation Committee, thirty States are nearing their quotas in the movement to raise $1,000,000 to establish a series of annual prizes for meritorious public service as a tribute to the ideals of America's great war President. The fund is expected to be complete in a few weeks.

Mr. Smith said that his executive committee is rapidly completing plans to speed up work this week so that Richmond may make up her quota of $12,000 as quickly as possible. "And we want to raise more than $12,000 in this city, because we want to exceed as much as possible the State's quota of $50,000 as Woodrow Wilson is Virginia's son"

Mr. Smith has completed arrangements with the School Board and Superintendent of Schools A. H. Hill to place before every school child the opportunity to subscribe to this fund. "This should be a source of great pride to the children as well as to their parents, because their gifts will mark them as founders of the Woodrow Wilson Foundation," said Mr. Smith. "No matter how small the contribution, a receipt will be issued which will entitle the subscriber to a certificate indicating that he is a founder."

SURE TO HELP SICK WOMEN

Mrs. Baker, So Much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph."—Mrs. EMMA BAKER, 310 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

Wrecks His $600 Auto; Sells Remnants for $15

New York, Feb. 5.—A new automobile plunged off an Edgecombe Avenue cliff today and landed seventy eet below, a wreck. Around it gathered a crowd.

"I'd give $15 for her as she is," remarked a bystander.

"Sold!" said a voice, and Edward Jackson, who bought the car yesterday for $600, crawled from beneath its twisted remnants.

Young Jackson's father was learning to drive and in attempting to avert collision with a taxicab, put his foot on the accelerator instead of the brake.

Neither was badly hurt. The elder Jackson was arrested for driving without a license.

MONITORY

O Thou! whose word from solid darkness struck,
That spark, the Sun, strike wisdom from my soul.
—Young.

Conscience is that faculty or reflecting principle of the soul, whereby a man passes sentence upon his own actions, and either approves or condemns them according to the light he has. When it judges of an action to be performed, it is called an *antecedent* conscience; and when it passes sentence on an action which is performed, it is called a *subsequent* conscience. The conscience is not the supreme, but subordinate rule of our actions, since it has a law superior to it, by which, as its rule it is directed, viz. The law of God.

FINAL REPORT ON DIVORCE PROBE

Expected That Special Committee Will Submit It Saturday

Report of Committee Will Not be Accompanied by Any Opinion or Recommendations if Announced

It was intimated today that a final report will be made next Saturday by the sub-committee of three of the special committee appointed by the local bar association to investigate the alleged divorce evil in this city.

Because of the number of cases in the files of the court for the period mentioned and the time required to tabulate the necessary information contained in each case it was thought at first that this final report would be forthcoming for several weeks. The committee however, which is composed of J. Randall Caton, chairman; C. Keith Carlin and Howard W. Smith, has made such rapid progress that the complete figures are expected to be presented to the full committee when it holds its second meeting next Saturday afternoon.

Shoes That Add to Your Vitality

Shoes that bind and distort the feet are a source of constant irritation. They drain your nervous energy, distract your attention and lessen your ability to concentrate and to work. Such shoes are a drawback to health and success. If you wold enjoy the best that life has to offer of bouyant strength and achievement, change to the comfortable, helpful Cantilever Shoe.

It is well built on a last that conforms to the contour of the foot. With the natural inner sole line, the toes point straight ahead and are comfortable; a share of the weight of the body falls easily on the ball of the foot.

The well-set heel encourages good posture, which in turn encourages good health.

The shank of a Cantilever Shoe is drawn up, by lacing the shoe to fit the instep and provide restful support. And it FLEXES WITH THE FOOT. It does not bind the muscles and impede circulation as a rigid sole does. It strengthens the muscles by allowing them freedom to exercise, thus preventing or correcting weak arches.

The subcommittee has stated that its report will not be accompanied by any opinions or recommendations. The figures and facts contained in the report will be for the investigation committees information and that it will be for the latter to then determine just how it will proceed with the probe.

It is practically unanimously agreed by citizens in general that this investigating committee is going about its task in a fair and thorough manner.

American Legion Will Guarantee Hospital Pay For Its Use For Ex-Service Men

At a regular meeting of Post No. 24, American Legion of Alexandria, a resolution was adopted directing the Secretary to write a letter to the Board of Lady Managers of the Alexandria Hospital requesting that the ambulance be sent for any ex-service man who requests same and that this post will guarantee the payment therefor, it having been brought to the attention of the post that the hospital requires that payment be made in advance or that the payment therefore be guaranteed before the ambulance will be sent out.

ELECT 38 DELEGATES TO CHURCH CONGRESS

New York, Feb. 3.—Thirty-eight dioceses and missionary districts of the Episcopal Church in the United States have elected delegates to the general convention of the church, which will meet in Portland, Oregon, in September.

Meeting at a critical period in the world's history it will be one of the most important general gatherings of the church since its organization.

When the convention assembles there will be present a grand total of 759 representative churchmen from every part of the world, including the entire group of foreign and domestic bishops, and some of the best known men in the political, financial and commercial circles in the United States.

This will be the forty-seventh general convention of the church since its organization in Philadelphia, September 27, 1875. Not more than a score of delegates were present on that occasion.

MOTHER! MOVE CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry Mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Vary your meals by using AUTH'S Pork Products

VARIETY adds new delight to every meal, and freshens and stimulates the appetite. There are a hundred new and tempting dishes which you can make with AUTH'S Pork Products. Serve a different dish each day, and give to your food the distinctive variety and flavor that make for healthy, happy meal-times.

Here are some especially tempting dishes—easy to prepare, too. Try them and see how delicious they are.

(Illustrated Above)

Boil a cupful of rice, season with salt and pepper, tomato sauce and grated Parmesan Cheese. Mix with flaked AUTH'S Sausage Meat fried and drained, then reheat and serve.

Sausage Meat Roll

Make a rich biscuit crust by blending a heaping tablespoonful of butter with 4 cupfuls of flour, sifted with 2 heaping teaspoonful of baking powder and a pinch of salt. Make to a soft dough with milk and roll out. Spread a layer of cooked AUTH'S Sausage Meat on the crust, roll up, tie, rub with beaten eggs, and bake brown. Serve hot with gravy.

Bacon and Macaroni

Cook broken macaroni in stock until tender. Add bacon cut into dice and fried crisp. Season with pepper and a little of the bacon fat and serve very hot.

Baked Sausages

Prick a dozen sausages with a fork and arrange on a baking dish, alternating with 12 strips of bread cut into equal lengths with the sausages. Bake for 15 minutes, basting with their own liquor, and serve with any preferred sauce.

Sausage Meat HOT CAKES

Use two-thirds AUTH'S Sausage Meat and one-third bread crumbs. Make into small flat cakes, dredge with flour, and brown in hot fat.

Chicken Salad Supper

Woman's Auxiliary of Christ Church Will Serve Supper February 9.

The Chicken Salad Supper to be given by the Woman's Auxiliary of Christ Church, will be held on Thursday, February 9, at the Parish Hall from 5 to 7 o'clock. The previous notice of the time from 6 to 8 is incorrect. As so many have expressed a desire for an earlier hour, the supper will begin at 5 o'clock. The fame of the Christ Church suppers is so well established that the materials for the last supper were exhausted before the demand had been supplied. Profiting by the past experience, the committee has laid in an abundant amount of good things, so that not only the ticket holders, will get their suppers, but also those will be supplied who send for suppers to eat them at home. The menu is very tempting, chicken salad, ham, hominy with giblet sauce, rolls, tea, coffee, ice cream and delicious homemade cake. All the ladies of the committee are expert cooks and Mrs. H. C. Griffith is in charge of the cake table.

LOFFLER'S COUNTRY SAUSAGE

SAUSAGE A LA CREOLE: Form into small patties, one and a half pounds of LOFFLER'S Country Sausage. Fry till brown in a deep skillet. Remove the sausage. Into the fat remaining in the skillet, pour a can of tomatoes, a can of peas and a can of mushrooms. Season with salt, pepper and a bit of chopped onion. Cook until thoroughly heated, and add a little flour thickening, if desired. Pour over the sausage balls and serve.

Made by A. Loffler Provision Co., Inc., at Benning, D. C., under U. S. Government Supervision.

WHAT SHALL I DO WITH THEM?

Give them away—throw them away—sell them to old shoe dealers? Not a bit of it, dear lady. Bring them here and watch us transform those old, dilapidated, shapeless, apparently useless shoes into the finest looking footwear you ever saw. Don't believe we can do it? It will cost you nothing if we don't prove it to you.

NEAR EAST RELIEF CAMPAIGN OPENS

Rev. Dr. J. L. Allison is Chairman of Committee

Arlington County's Quota is $4,920—State Asked to Feed and Clothe 3000 Orphans for Year

Rev. Dr. Jno. Lee Allison, pastor of the Second Presbyterian Church of this city has been appointed chairman of the Near East Relief in Arlington County, including Alexandria City, by Oliver J. Sands, State Chairman in Richmond. His appointment will mark an active campaign this month for Arlington County's quota of $4920.00 in the state-wide drive for $300,000 in Virginia. The State of Virginia is asked to raise this amount to feed and cloth 5000 orphans for a year. Arlington county is asked to care for 820 orphans. A contribution of $5.00 per month for one year is asked to sustain a little life. Armenia is the martyr christian nation and made the greatest proportionate sacrifice to the cause of freedom in the great world war. Thousands are standing at our orphanages and $60 will admit and care for one. The need is great, the call is appealing for "more bread, more clothes." Dr. Allison will not make a house to house canvass, but expects to reach the quota through churches, Sunday Schools, public schools, civic, social and fraternal organizations.

He earnestly asks the active and liberal co-operation of all the people in this worthy, humanitarian work. He has appointed L. H. Dudley, treasurer of the city fund, Alexandria National Bank, and also named Thos. C. Sebrell, county treasurer, Clarendon Trust Co., Clarendon, Va., All funds will be sent to these treasurers.

This worthy work has been endorsed by President Harding, former President Wilson, Governor Trinkle, Representative R. Walton Moore, Senators Glass and Swanson, Arch-bishop Curley of Baltimore, Hill Montague fraternal leader and many other leaders in the country. Pledge cards may be used if desired. The chairman will be glad to give any information.

U. S. S. Florida Lands Huge Gun on Beach

Guantanamo Bay, Cuba, Feb. 6.—Anchored in Guantanamo Bay opposite the naval station, the U. S. S. Florida has successfully lowered from her decks and landed on the beach a 155-millimeter gun on a massive mount and tractors.

The big field piece, completely set up and in readiness for action when it reached land, was swung over the side to a platform built on two large motor-sailors, making a pontoon that would, with its own power, carry the gun to shore. This was followed by the landing of two field pieces of 75-millimeter caliber and tractor tracks for ammunition and the train of a landing party.

The whole action was done with great dispatch and without a hitch and all equipment landed without an incident. These guns and tractors are a part of the equipment of the advance base of the Marine Corps.

FILM ACTRESS DIES FROM POISONING

New York, Feb. 6.—The death of Florence Deshon, film actress, from the effects of gas and veronal poisoning brought vigorous denials from Charles Chaplin, comedian, and Max Eastman, writer, that they knew of any motive for her to take her life.

Medical Examiner Cassasa said death was accidental. Miss Deshan was found in her apartment on "Bird-Cage Walk" Friday night, lying half-dressed across her bed, with the electric lights burning and the gas turned on.

Desperate attempts were made at St. Vincent's Hospital to save her blood transfusion Saturday night, with out avail. She died without regaining consciousness.

Miss Deshon was a member of the Croton "Radical Colony," which included Eastman, Doris Stevens and the Floyd Dells.

Corns Vanish When Touched With 'Gets-IT'

As a sponge absorbs water, so does "Gets-It" absorb and draw out of any tender corn, big or little, all pain and soreness. It never fails. "Gets-It" is the original corn and callus peeler. Be sure to ask for it by name and refuse substitutes. Money back if not satisfied, costs but a trifle—everywhere. E. Lawrence & Co., Mfr., Chicago.

special attraction tonight for the Fraternities the Mt. Vernon M. E. Church South of Washington, will send over their crack quartette; there will also be other numbers added to the vaudeville program.

Everything indicates that the Put and Take Bazaar is going to be a rousing success. The beautiful booths Armadillo Baskets, Cayuse and Beacon Indian Blankets, Chinese Baskets, rare Silk Knitted Pillow Tops. Clocks, Manicure Sets, Candy, an array of Dolls and other novelties. The outstanding number of the Booths is of course the Monkey Auto Racer, brought over from Washington, with "Toots" and "Mike" real live monkeys doing the racing for the amusement of the crowd who play their racing event.

GIRLS! LEMON JUICE WHITENS RED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate.

Card Party and Dance by U. D. C.

The card party and dance to be given by the Mary Custis Lee-17th Virginia Regiment Chapter, U. D. C., on next Monday evening, February 13, at Odd Fellows Hall, promises to be a successful and pleasant affair, judging from the large number of tickets sold. Cards will be played from 8 to 10, and dancing the rest of the evening. The floor committee in charge of the dancing is, Dr. Richard Gibson, Dr. Frank Dillard, Captain George Evans, Messrs. Randall Caton, Alexander Doniphan, Richard Green and Jack Reardon. Tickets may be secured from any one of this committee, or from members of the U. D. C.

DYE STOCKINGS OR SWEATER IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk or whether it is linen, cotton or mixed goods.

The Red Menace

A dull glow in the sky. Midst a trail of smoke and sparks fire-fighters clang through the streets. Perhaps you grab your hat and dash madly to the scene. Long before you arrive—long before the hungry flames have licked their way skyward—the trouble crew of the electric company are on the job. They arrive, unobserved—unheralded — close behind the fire apparatus. Broken, twisted or crossed electric wires may carry darkness and trouble to every corner of your community. So, poles near the fire are guarded and wires are watched and repaired. The result of this close attention is uninterrupted service. The electric company knows no rest—every day is now—this hour—this minute. Fire or flood—summer and winter, we must "carry on." We are proud to so serve you.
